

If you have a Second Home or Holiday Let, maybe we can help:

Now is usually the time we all look forward to the forthcoming season and bookings!

Perhaps you could take a look at our services which may be needed by yourself

We are a local company which specialises in Holiday Let Management and/or cleaning / changeover services .

We are a husband and wife team with local mature Ladies all of an experienced age!

Below I have copied some references and we would be very pleased to discuss your needs further if this is of interest.

1/ Jan and Leigh took over the running of our property 6 months ago and we've been delighted with everything about their service. Above all else they 've been reliable and efficient but they have also been flexible in responding to guests needs and proactive in their communication with us. Living some 190 miles away it is important to us that we are kept informed and know what is going on. We soon learnt that if Jan says something will be done then it is – it did not take long for us to stop fretting and to trust and rely on her. Having their own Holiday letting business gives them good perspective on what is important to guests and owners alike and our guest feedback shows a very high level of satisfaction with the way Jan and her team prepare and present the property. Highly recommended. Would be happy to speak to any prospective customer direct.

2/ We have employed Janet Heppell 'Mrs Mop' cleaning services for the 2008 / 2009 /2010 seasons and in that time they have cleaned and provided laundry services over 350 times for our holiday letting business.

We have found them to provide a very good service and are reliable, efficient and flexible to changing requirements.

We would recommend them to anyone requiring these services.

3/ Reference regarding the Property Maintenance and Changeover Services provided by Jan and Leigh Heppell:

Jan and Leigh have been providing us with changeover and property maintenance services for close to two years now.

From the outset they have had a professional yet friendly and relaxed relationship with us.

Any dates for changeovers (including short notice and numerous back to back turnarounds) have always been accommodated, making our booking process simple and flexible.

Changeovers are handled quickly and efficiently and to a high standard, being checked and supervised before completion by Jan or Leigh in person.

It is clear from some of our guests comments in our visitors book that they are doing a great job in preparing the cottage.

We have also used Jan and Leigh for maintenance requests and have experienced the same high standards of work (including one emergency call out that was handled immediately and professionally).

In summary, they provide a consistent and reliable service to a high standard. I wouldn't hesitate to recommend them.

4/ Jan and Leigh are great! We live 200 miles away from our holiday apartment and they handle all the changeovers and sort any problems. They make it worry free for us. During the off-season they regularly check the property and manage any improvements. We would recommend them to anyone who needs their holiday let or holiday home looked after. Services are all executed well and with a enjoyably positive spirit.

We would not hesitate to recommend Leigh and Jan's services as Holiday/Second Home Managers.

5/ We have known Leigh and Jan Heppell since February 2006. We were the first customers they offered their property managing services to outside of their own property. Between Leigh and Jan they competently offer and cover all the services most people would need to manage a second/holiday home:

Jan and Leigh also Offer:

Website design.

Bookings Management.

Minor repairs and maintenance.

Cleaning and 'changeover' management.

Financial reporting and settlement.
